# Kitwel Equipment Trading LLC - Company Knowledge Base

Source: https://kitwel.com (homepage, About, Products, category pages, Support & Service, Rentals, Contact). Content compiled from the public website in October 2026. This document is intended for ingestion into a local retrieval (RAG) system.

## 1. Company Overview

Kitwel Equipment Trading (also written Kitwel Equipment Trading LLC) is an industrial solutions provider based in Sharjah, UAE. The website tagline is: UAE's Trusted Welding & Laser Cutting Equipment Partner.

Kitwel offers a complete range of welding equipment including MIG, TIG, MMA (ARC) and plasma cutters, welding consumables, laser cutting machines, and kitchen equipment. The company combines products from global brands with expert guidance and dependable support so that industries can operate efficiently and reliably.

Key points about Kitwel:

- Global technology from top brands
- Expert leadership with deep technical knowledge
- Complete installation, maintenance, and support
- Reliable, professional service for uninterrupted operations

## 2. About Kitwel and Company Commitment

Kitwel Equipment Trading supports manufacturers, fabricators, and contractors across the UAE with dependable equipment and technical expertise.

### Technology Backed by Expertise

Kitwel partners with globally recognized manufacturers to deliver proven, industry-tested technology. The experienced team provides correct equipment selection, professional installation, commissioning, and operator guidance, so every system performs as intended from day one.

- Quality equipment from trusted global brands
- Proven performance across industrial applications
- End-to-end support from selection to operation

### Service That Supports Operations

Kitwel offers complete after-sales support including maintenance, troubleshooting, and repairs. With a strong local presence in the UAE, the company responds quickly to technical requirements, helping customers reduce downtime and maintain uninterrupted operations.

### Our Commitment

Kitwel operates as a long-term technical partner, not just an equipment supplier. The focus is on reliability, service continuity, and customer success, supporting industries that depend on consistent performance and dependable support.

## 3. Contact Information and Location

- **Address / Site / Showroom:** Al Sajaa Industrial Area, Sharjah, UAE
- **Opening hours:** 8:00 AM - 18:00 (6:00 PM)
- **Phone (landline):** +971 6 715 5909
- **WhatsApp:** +971 55 973 7560
- **Email (general):** info@kitwel.com
- **Email (customer service):** CSD2@kitwel.com
- **Website:** https://kitwel.com

Enquiry forms on the website ask for: Name, Phone, and the product category of interest (Welding Equipment, Laser Cutting and Welding, Welding Consumables, Accessories and Equipment, Kitchen Equipment). The Contact and Rentals forms also ask for Company Name and Requirements.

## 4. Product Segments Overview

Kitwel's website organises its range into five product categories: (1) Welding Equipment, (2) Laser Cutting and Welding, (3) Welding Accessories (welding consumables), (4) Other Equipment (accessories and equipment), and (5) Kitchen Equipment. Kitwel also offers welding machine rentals and a Support & Service department.

Featured products highlighted on the homepage: Laser Cutting Machine (5 years warranty), Laser Welding Machine (user friendly), Kolarc MX 500 Synergic+Pulse (heavily durable), Kolarc MX 350 (hot sales), Laser Accessories (excellent quality), and Welding Torches (100% copper cable).

## 5. Welding Equipment

Kitwel supports diverse industries with reliable welding solutions that drive efficiency, consistent quality, and long-term performance where precision and uptime are critical. Kitwel is a trusted supplier of **Kolarc** welding equipment for manual and robotic welding, delivering machines engineered for superior control, durability, and productivity in demanding environments.

Highlighted strengths of the welding range:

- Stable arc for cleaner, precise welds
- Rugged build for heavy industrial use
- Energy-efficient inverter technology

### Welding equipment sub-categories

- ARC Welding (MMA / stick welding)
- MIG/MAG Welding (marked HOT SALES on the website)
- TIG Welding
- Robotic MIG/MAG
- Robotic TIG
- Submerged ARC Welding

Named models on the website: Kolarc MX 500 Synergic+Pulse and Kolarc MX 350 (both MIG/MAG). Welding torches are listed under Robotic MIG/MAG. Detailed model specifications are shown in the website's interactive product tabs and brochures and are not reproduced here.

## 6. Laser Cutting and Welding (Bodor)

Kitwel delivers high-performance **Bodor** laser cutting and welding systems designed for precision manufacturing environments. Kitwel is an **authorized Bodor distributor in the UAE**, supplying fiber laser solutions built for speed, stability, and continuous industrial operation. The company provides genuine machines, expert integration, and reliable after-sales support.

Core advantages of Bodor systems (as stated by Kitwel):

- 5-year manufacturer warranty
- World's No. 1 fiber laser brand
- Energy-efficient laser technology

High-precision laser cutting machines deliver speed, accuracy, and clean finishes across a wide range of materials. The website provides a Bodor distributor certificate and downloadable product brochures.

### Laser sub-categories

- Laser Cutting (5 years warranty)
- Laser Welding (user friendly)
- Laser Accessories

### Laser enquiry form fields

The laser enquiry form collects: Name, Company, State/Province, Cutting Material (carbon steel, stainless steel, aluminum, iron, brass, other metals, other materials such as gold, silver, non-metals), Phone, Cutting Thickness (1-10 mm, 11-20 mm, 20-40 mm, more than 40 mm), Email, procurement timeline (right now, in two months, in six months, in a year), and a Message.

## 7. Welding Accessories (Welding Consumables)

Kitwel supplies high-quality welding consumables engineered to deliver consistent arc performance, clean weld finishes, and long service life across demanding industrial applications. They are designed for reliability and compatibility with industry standards, and help improve weld quality, reduce spatter and rework, and maintain stable productivity in MIG, TIG, ARC, and cutting operations. Trusted by professionals, they support efficient workflows while ensuring safety, precision, and cost-effective operation over time.

Consumables mentioned across the site include torches, electrodes, wires, and accessories (for example welding torches with 100% copper cable).

## 8. Other Equipment (Accessories and Equipment)

Kitwel supplies high-quality accessories and equipment designed to enhance the performance, efficiency, and safety of welding and fabrication operations. The range supports professional workflows with durable tools, precision add-ons, and reliable gear that improves productivity, minimizes downtime, and ensures consistent results on every job site. Category title on the website: Other Equipment | Welding Accessories & Fabrication Tools.

## 9. Kitchen Equipment

Kitwel supplies a range of commercial kitchen equipment to support professional kitchen setups and project requirements in the UAE. The offering covers cooking, food preparation, refrigeration, and general kitchen operations, sourced from reliable manufacturers and suitable for light to heavy-duty use.

### Kitchen solutions

- **Heavy Kitchen Equipment:** robust solutions for large-scale kitchen operations
- **Light Kitchen Equipment:** efficient and compact tools for everyday cooking
- **Manufacturing:** advanced industrial solutions for production excellence

Kitchen equipment brands: Rational, Unox, Brema, Menumaster, SAP, Ginox, Prismafood.

## 10. Brands Represented

### Welding, cutting and laser brands

Bodor (laser cutting and welding), Kolarc (welding equipment), Master, Victor, Miller, Esab, Jasic, Mathey Dearman, Hyundai Welding, D&H Secheron.

### Kitchen equipment brands

Rational, Unox, Brema, Menumaster, SAP, Ginox, Prismafood.

## 11. Support and Service

Kitwel provides comprehensive service and support so that laser cutting and welding machines perform at their best throughout their entire lifecycle, from installation to long-term maintenance. The expert team is committed to maximizing productivity, uptime, and return on investment.

### Complete after-sales support

- **Installation & Commissioning:** professional setup, calibration, and trial runs to ensure optimal performance from day one.
- **Warranty & Technical Support:** manufacturer-backed warranty with fast on-site and remote technical assistance.
- **Repair Services:** expert repair solutions for mechanical, electrical, and control system issues using genuine parts.
- **Annual Maintenance Contracts (AMC):** customized maintenance plans offering preventive care, priority support, and reduced downtime.
- **Lifecycle Support:** end-to-end support throughout the machine lifecycle to maximize uptime and return on investment.

## 12. Welding Machine Rentals

Kitwel offers dependable welding equipment and machine rentals in the UAE, supporting fabrication, construction, maintenance, and project-based requirements. Both short-term and long-term rental solutions are available, with well-maintained machines, prompt delivery, and technical support across Dubai, Abu Dhabi, Sharjah, and other Emirates. Rentals suit both workshop and site applications.

### Equipment available for rent

- **MIG/MAG:** high-efficiency gas metal arc welding, suited to thick materials and high-volume production.
- **TIG:** precision tungsten inert gas welding for high-quality, aesthetic welds on thin materials.
- **ARC:** robust stick welding equipment for heavy-duty construction and outdoor site repairs.
- Other supporting welding equipment and accessories to suit different job requirements.

### Why rent from Kitwel

- **Cost-effective:** avoid capital investment and ownership costs
- **Flexible periods:** daily, weekly, or monthly options

- **Job-ready:** fully serviced, tested, and reliable
- **Technical help:** support with machine selection and usage
- **UAE delivery:** direct delivery to your site

Rental enquiries: call +971 6 715 5909, WhatsApp +971 55 973 7560, or email info@kitwel.com.

## 13. Frequently Asked Questions (derived from the website)

**Q: Where is Kitwel located?**

A: Al Sajaa Industrial Area, Sharjah, UAE.

**Q: What are Kitwel's opening hours?**

A: 8:00 AM to 18:00.

**Q: How can I contact Kitwel?**

A: Phone +971 6 715 5909, WhatsApp +971 55 973 7560, email info@kitwel.com or CSD2@kitwel.com.

**Q: What does Kitwel sell?**

A: Welding equipment (MIG, TIG, MMA/ARC, robotic, submerged arc), Bodor laser cutting and welding machines, welding consumables, other fabrication accessories and equipment, and commercial kitchen equipment.

**Q: Is Kitwel an authorized Bodor distributor?**

A: Yes, Kitwel is an authorized Bodor distributor in the UAE. Bodor systems carry a 5-year manufacturer warranty.

**Q: Which welding brand does Kitwel supply for manual and robotic welding?**

A: Kolarc, including the Kolarc MX 500 Synergic+Pulse and Kolarc MX 350.

**Q: Does Kitwel rent welding machines?**

A: Yes. MIG/MAG, TIG and ARC machines are available on daily, weekly or monthly terms, with delivery across the UAE.

**Q: What after-sales services does Kitwel offer?**

A: Installation and commissioning, warranty and technical support, repairs, annual maintenance contracts, and lifecycle support.

**Q: Which kitchen equipment brands does Kitwel represent?**

A: Rational, Unox, Brema, Menumaster, SAP, Ginox and Prismafood.
